

Luis Mario Bracamontes De Vega

Software Engineer · Full-Stack & Cloud

+52 686 222 2164 | lmbdv50@gmail.com | [LinkedIn](#) | [GitHub](#) | luisbracamontes.dev

Results-driven Software Engineer (3 yrs) specializing in full-stack, cloud, and secure APIs. Strong in JS / C#, SQL, Digital Twins, and automation.

WORK EXPERIENCE

Avant Leap - AECO Technology Consulting

Irvine, CA

Back-End Software Engineer

Jul 2023 - Present

- ▶ Tested AI applications (Mirar, Andiamo, Clash Detection, 4D Simulation, Object Visualizer), strengthening expertise in AI integration and LLM applications
- ▶ Served as technical liaison for customer support, translating business needs into technical specifications
- ▶ Delivered bug fixes and feature enhancements across Angular / TypeScript web interfaces and back-end services
- ▶ Implemented business process automation to streamline workflows and improve operational efficiency
- ▶ Developed Digital Twin solutions using Azure, SharePoint, and Autodesk Construction Cloud (ACC & Forge APIs)

Masimo Corporation - Medical Technology

Mexicali, MX

Front-End Software Engineer Intern

Jun 2025 - Sep 2025

- ▶ Developed internal applications using Expo / React Native and JavaScript, following agile methodologies
- ▶ Collaborated with UX/UI designers to implement responsive designs
- ▶ Delivered a technical course on React Native and React + Vite to experienced developers
- ▶ Participated in code reviews and Oracle training for enterprise database solutions

BraNix - Fleet Tracking Solutions

Mexicali, MX

Full-Stack Software Engineer

Mar 2024 - May 2025

- ▶ Built the MexLog web application in ASP.NET (C#) with secure RESTful APIs, authentication, and input validation
- ▶ Designed and optimized SQL Server schemas, writing complex queries and stored procedures for reporting and analytics
- ▶ Created responsive interfaces with JavaScript, CSHTML, and CSS3, using JSON data structures
- ▶ Implemented API security including authentication protocols and rate limiting

Skyworks Solutions, Inc. — Semiconductors

Mexicali, MX

Data Analyst Intern

Jul 2022 - Dec 2022

- ▶ Developed Python regression-analysis scripts to optimize manufacturing processes
- ▶ Created technical documentation and automated reports to support data-driven decisions

EDUCATION

CETYS Universidad

Mexicali, MX

Bachelor of Engineering in Computer Science

Aug 2021 - Jun 2025
